Importers,  
exporters, travelers—  
ship and sail under  
the Stars and Stripes

THERE are today few ports in the world of importance to shippers or travelers, which cannot be reached by ships that sail under the Stars and Stripes. President Harding has said that "We cannot sell successfully where we do not carry". The American Merchant Marine that once almost vanished is again an established and important carrier of the world's commerce.

You can ship or sail anywhere in American ships designed for utmost comfort and safety.

Jefferson City, Mo., June 3.—A statement urging voters not to sign the petition being circulated to submit the county school unit law to a vote of the people was issued today by Governor Hyde and A. C. McKibbin, director of publicity of the republican state committee.

## OIL PROSPECT NEARER CRANE

A new geological survey, made by the Gould Geological Bureau of Tulsa, Okla., one of the foremost and most reliable geological bureaus in the country, was completed last week after a geologist had been over the Rex-Ally lease hold making a survey for about ten days. The geologist makes the statement, men who are interested in the leasehold here say, that the only indication of oil land lies near Scholten, about 4 miles from Crane, and states further, that the formation of the land in that section is indicative of oil underneath, but that drilling is the only real test. A test well has been located on this tract of land, and it is said that drilling will be started in the next few weeks.—Crane Chronicle.

MT. VERNON HOSPITAL  
HEAD QUILTS JULY 2

Stephen A. Newman Resigns as Superintendent of Missouri State Sanatorium.

Mount Vernon, Mo., June 4.—Dr. Stephen A. Newman, superintendent of the Missouri state sanatorium here, presented his resignation to the hospital board today and it was accepted to become effective July 2.

Dr. Newman gave as the reason for his resignation the belief that his position would be "untenable" under a republican administration. He is a democrat and was appointed four years ago by former Governor Gardner.

In accepting Mr. Newman's resignation the board expressed much regret at his action. It was recited that he had at all times worked in perfect harmony with the board and that at the present time the institution is in an excellent condition.

When Dr. Newman took charge of the sanatorium, there were 165 patients. At the present time there are 241.

In connection with his resignation Mr. Newman recommended as his successor, W. J. Bruton, republican, of Ozark, Mo. They are life-long friends and formerly attended school together in St. Louis.

Mr. Newman announced that he probably would resume the practice of medicine, probably going to Monett. He lived in Cassville at the time of his appointment.

Mansfield received the second prize, two cut glass ice tea glasses. Chas. Mansfield received the gentlemen's prize, a pair of silk hose.

Dancing started at ten o'clock, the music being furnished by Rice's orchestra.

MILITARY BURIAL FOR  
LAWRENCE COURDIN

Immense Crowd Attends Funeral of Soldier who Died in France, American Legion Gives Ceremony.

A military burial of the body of Lawrence Courdin, a soldier in the United States Army, who died while in France, was given by the American Legion of Monett and Peirce City Sunday afternoon. An immense crowd met to pay tribute to the memory of the young man and the number of persons was estimated at from 2500 to 3500.

The young man was the son of Mr. and Mrs. D. P. Courdin, who live west of Purdy. The body arrived at Monett Tuesday, June 1 and was met by Callaway's undertakers and conveyed to the home of the parents at their request.

Funeral services were held at the Waldensian church south of town Sunday afternoon, June 5, conducted by Rev. Goodnight. A large number of the American Legion members of Monett and Peirce City were present in uniform.

Rev. Goodnight conducted the funeral service at the church. Having been a neighbor and friend of the young man, the minister was deeply affected and spoke with much emotion and deep feeling, which, knowing the sincerity of the preacher, the audience knew came straight from the heart.

The choir sang very sweetly, "Rock of Ages," "Beautiful Isle," "Looking this Way" and "Face to Face." A quartet sang "The Home Beyond the River," "The Soldier's Parting Song" and "He is Sleeping."

An enlarged picture of the young man rested upon the casket during the funeral service. A very touching scene was that in which Mrs. B. P. McCaslin, representing "The Greatest Mother in the World," and dressed with a Red Cross headdress, white costume and a drapery of a beautiful American flag, carried the enlarged picture of the dead soldier on an easel and headed the six flower girls, who were also dressed in white with Red Cross headdresses. The flower girls were cousins of the deceased and were Misses Florence and Della Courdin, Florence and Esther Reynaud, Christine Long and Fannie Combs.

Pall bearers were James and Henry Long, Milton, Franklin and Johnnie Combs and George Reynaud, also cousins of Lawrence.

At the grave Post Commander Edgar Price and Chaplain, Dr. Wm. West, gave the impressive American Legion burial service. The firing squad composed of Warren Perry, Arno Fritz, F. M. Warner, G. A. Warner, Fred Cuendet, Frank King, Willis McCampbell and Frank Sink, fired the salute over the grave, after which taps were sounded by the bugler. John Beasley acted as color bearer and W. E. Cochran and Carl Counts were the color guard. Music was furnished by the Peirce City Boys Band.

R. M. Callaway, the undertaker, handled the crowd with his usual efficiency and nothing marred the impressiveness of the occasion.

Lawrence Courdin was born in Missouri June 1, 1894 and died in France October 4, 1918, of pneumonia. Although he did not die on the battlefield, he was no less the hero, because he gave his all for his country.

MONETT'S NEW HOSPITAL  
ON SIXTH STREET

Monett is to have additional hospital facilities. Mrs. A. L. Wallace, Sixth and County streets, who has been conducting a rooming and boarding house for several years, is remodeling her house with a view to adapting it to hospital use. The changes made will include a complete renovation of the old building with an addition on the north and west side. There will be a complete new heating and plumbing system.

It is the intention to move Dr. West's hospital equipment into the new structure and other equipment will be added to bring the capacity up to 14 or 15 patients. The hospital will be operated by Mrs. Wallace as matron, with a staff of physicians and will furnish service to medical, surgical and obstetrical patients. In the present restricted quarters Dr. West has not been able to take care of anything but surgical and obstetrical cases. Under the new system of management the hospital will be open to patients of all regular physicians who adhere to the establishment regulations for patient care. This increased accommodation makes it possible to furnish hospital service to non-contagious diseases of all kinds, in addition to the surgery and obstetric attention.

This enterprise should have the hearty support of the town and community.

Dr. West will still maintain his offices on Fourth street, but all the hospital equipment will be moved to the new quarters.

"SPUDDING IN" CELEBRATION  
AT SCHOLTEN JUNE 8

Southwest Missouri has long believed that she had oil and gas in paying quantities but although there have been plenty of "believers" it has remained for an association of Aurora men to prove their faith by their works. The Missouri Publicity Bureau with head office at Aurora has for several months been making very close and expert examinations of certain tracts of land situated in Lawrence, Barry and Stone counties, with the avowed intention of putting down a test hole for oil. Several geologists have been employed, with the result that a well defined anticline has been mapped with its axis about three miles south of Scholten in Barry county.

A drill has been shipped in from Oklahoma and is now set up ready for business in Section 10-24-25. The drilling operations will be in charge of Jim Slaughter, an old and tried drill man who has the reputation of never losing a hole. Well No. 1 will be "spudded in" at one o'clock, Wednesday, June 8th, and the enthusiastic people of Barry, Stone and Lawrence counties are making big preparations for the event which it is believed by many will mark a new era in the history and development of Missouri's varied resources.

The developments of the next sixty or ninety days in and upon Section 10-24-25 will be watched with great interest by everybody interested in Missouri, and the Missouri Publicity Bureau states that it will welcome inquiries at all times regarding the progress of the drilling and will be glad to answer any and all correspondence. The "spudding in" celebration on Wednesday will be characterized by an Old Fiddler's Contest. A fifty dollar prize will be given for the successful contestant. Prominent speakers will be present.

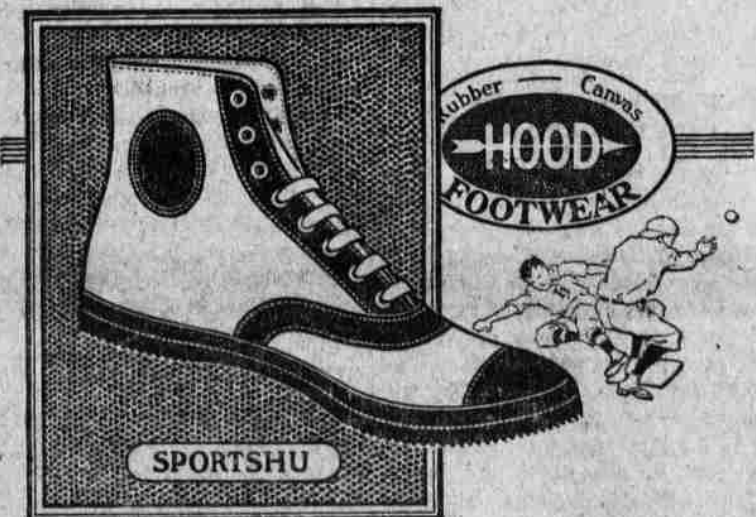

## FISHING PARTY TO JAMES RIVER

A party composed of Mr. and Mrs. A. E. Spratley, Miss Crystal Spratley, George Spratley, Mr. and Mrs. Harry Martin, Mr. and Mrs. Bert Bradford and son, Vernie, will spend the week fishing on James river.
